Mental Health

Everyone knows that regular exercise is good for the body. But exercise is also one of the most effective ways to improve your mental health. Regular exercise can have a profoundly positive impact on depression and anxiety. Therefore, I will integrate sports into mental health campaigns and exam stress.

Internationalization

Engaging with the international students and the international department – I will organise taster sessions with sports clubs as part of the international orientation to encourage international student participation.

Why vote for Me?

Experience and Enthusiasm

After being elected as VP Coleraine in 2015/16, I have decided to run for Sport president. During my role as VP I represented all students equally and worked towards an enhanced student experience.

I would ensure that all students are equally represented internally and externally. I'm passionate about making student life easier, productive and efficient. I am a friendly, energetic, witty gal who cares greatly for others and with devotion and determination I will provide student satisfaction in sports.
