

James Colgan For Vice President

Move Magee Forward

Vote via the Portal

from Monday 6th March (9am) – Wednesday 8th March (12 Noon)

Vote James Colgan for Vice President of Academic and Student Affairs

Why vote for me?

My name is James Colgan, I am running for Vice President of Academic and student affairs in Magee. I have the skills and experience required through my positions on the Men's Rugby and Soccer committees, I am also part of the sports committee for Magee.

Financial Issues

I think it is vitally important that students are helped in as many ways as possible with finances, whether it is looking to improve the housing support for students both financially and through improvement of the flow of information and services available. To alleviate the printing costs for students through appropriate measures.

Societies and events

Societies and events are vital for the students. I would strive to ensure that there are more events that meet the demands of student life and fit into their schedule raising the profile and the importance of the Students Union. The idea would be to have the campus as a vibrant centre for all. In Fresher's week I would encourage events such as cooking classes to help students with a healthy, diverse, realistic and affordable menu, building links with existed bodies such as Sainsbury's. This could apply not just in cooking but in other areas such as maintaining finances, security and any area that the student body deems important. All of these events would be of a symbiotic nature, they could generate funds for the Student union and also the societies, whilst raising the profile of the university within the community.

The main guarantee that I can make is that if you vote for me and I become Vice President of Academic and Student Affairs I will serve as the hardest working, honest, reliable and accessible VP I can be.
