

Candidates for the position of

Open Seat Councillor (Magee)

Candidates who have completed a manifesto and included a photo are listed in no particular order. When voting, give your preference to your preferred candidates starting with 1, 2, 3 etc.

ERIN KING

Miss Jennifer Ofodile

Vote For Me!

Hi, Everyone! My name is Jennifer and I am a Second Year Law student running for an Open Councillor Seat for the Magee campus.

Being a member of Student Council last year has played a major role in my decision to run again this year. The experience has allowed me to not only meet great people whom I have had great discussions with but to hear the opinions of a wide range of individuals. Being present in all the meetings held last year has allowed me to have a broader idea of the important role students play in the overall running of the University due to their enthusiasm and dedication to make necessary changes.

Numerous policies were discussed and passed last year - the process of such happenings being a vibrant and lively moment to be a part of. I believe this year, we students will continue to use our voices to build a foundation of understanding between the students and the University, making any necessary changes in the process.

Being in the Student Council last year was so much fun and I would love to be involved again this year, so please vote for me!

Thank you!

Miss KAROLINA SKEIVYTE

It's never too late to do something positive!

Hi All!

I'm a second year law student, I've been part of the student council last year and I'm willing to run for a second time, as I've really enjoyed being part of the student council!

I want to get involved with the student council this year as I believe that from the previous involvement I have gained lots of experience that I can use towards my involvement this year. I'm really confident that I can help bring upon change and improvement in the university that will benefit all the current and future students.

I hope that you vote for me!

Chad HORNER

Hello everyone, my name is Chad Horner and I am a first year Adult Nursing student at Ulster University, Magee. I consider myself to possess the necessary skills and qualities to represent you on the Open Council seat for Magee Campus.

Previously, I have been involved in the Student Union at Northern Regional College, Newtownabbey, where I held the roles of Class Rep. and Vice President. I have a passion for helping other fellow students and seeing them develop and achieve their goals. I understand that throughout our time in education many issues may arise that may require us to share our problems and seek advice and this is where I can be consulted and can intervene to assist fellow students to help resolve any problems or queries.

I am an approachable individual and will strive to ensure that all campus issues are addressed when raised, in a professional, appropriate and in a highly confidential manner. I will work for everyone promoting fairness and equality for all whom I come into contact with.

Please give me the opportunity to work for *you* by voting for me!
