

**Candidates for the position of
Postgraduate Councillor (Research)**

Candidates who have completed a manifesto and included a photo are listed in no particular order. When voting, give your preference to your preferred candidates starting with 1, 2, 3 etc.

DANIELLE ROBERTS

Re-elect Danielle, help her to continue fighting for better PhD conditions.

I am a final year PhD candidate in politics and I have been the post graduate research student representative on Student Council for the past 2 years. I have represented UUSU at NUS-USI conferences, and participated in the NUS-USI women's conferences. I was recently re-elected as a Trustee of UUSU and I serve as a Trustee of NUS-USI. I am also an Advisor to the USI Students for Choice Taskforce.

In the past year I have been campaigning, along with other PhD students and UCU, the Trade Union, for an improvement to pay for PhD students who teach and a reduction in extension fees. This has involved meeting with the head of the Doctoral College and the Director of Research and Impact, and consulting on teaching guidelines.

During my time on council I have represented student's voices by bringing many successful policy motions. These include ensuring there is a physical space for the use of students who are breastfeeding mothers, and mandating the UUSU Executive to lobby for a reduction in extension fees. I also brought policy to NUS-USI conference calling for better PhD terms and conditions.

If elected I will continue to represent the voices of postgraduate research students.
