Belfast Students' Union Office: Malachy will be seeking clarification on this issue to move it forward

Teamwork between the University and SU: Malachy will discuss this issue, asking the committee to note when outcomes for students have been jointly secured by the University and the SU

Graduate Employability at Ulster: Mark has been working with the Careers Development Centre to find ways of improving this, he has suggested that a joint working group involving key stakeholders in the University is established.

Social Media Policy: The Officers expressed concern at the severity of the policy, this would be discussed at Forum and also how students will be informed of the policy.

14.13 SOCIETY AFFILIATIONS

Two society affiliations were presented at the Committee:

UUSU Amateur Stage Society – passed

UUSU Radio Society – this did not pass as not enough information was provided within the affiliation pack on how the radio station would operate (type of license etc) and also costs were not fully explained. The committee were very much in favour of having a Radio Society, however they required a much more detailed affiliation document.
