HOW TO MAKE YOUR PURCHASE

Option 1

Contact your supplier and ask if they can invoice you. Invoices must be made out to the society c/o UUSU to ensure we can pay it.

If the payment is in relation to a formal, we do not pay for services until closer to/ just after the formal so we can issue them a purchase order (promise to pay) to secure the business – please contact your societies coordinator if you want this to happen.

Option 2

If your supplier cannot invoice & requires payment by credit card we can in most instances (balance of credit card dependent) place an order for you. You will need to provide links to the items you want / if merch which needs design you will need to provide detailed word doc of what design needs to be and provide your logo.

Please note:

There are some suppliers that we have had issues with before or websites that will not accept our payment methods (Etsy is main supplier like this). In these instances, you can purchase the order yourselves as a committee and claim the money back via a payment purchase form.
