FOR PRESIDENT

MANIFESTO

STUDENT PARTNERSHIP CONFERENCE & FORUM

Launch an inaugural Student Partnership Conference or Student Forum to give students an open platform to engage directly with university leadership and partners, shaping their student experience, voicing their needs, and asking important questions, placing students at the heart of Ulster University enhancement.

COLLABORATION FOR STUDENT FINANCIAL SUPPORT

Work with the national student body and the university to secure greater financial support, improve welfare, and enhance mental well-being, making student living more affordable and ensuring every student has access to the resources they need to thrive.

KEEP WEDNESDAY AFTERNOONS FREE (KWAF)

Ensure that Keep Wednesday Afternoons Free (KWAF) is effectively implemented, giving students the dedicated time they deserve to engage in extracurricular activities, develop essential life skills, and lead student-driven initiatives, all while providing a much-needed break from academic stress to support their overall well-being and future success.

EXPANDING THE RESEARCH NETWORK

Expand the newly inaugurated Research Network to actively involve students, giving them the opportunity to develop essential research skills, explore the benefits of research, and unlock new academic and career opportunities.

DIGITAL ACCESSIBILITY

Collaborate with the university to continue the work of enhancing accessibility in learning platforms and websites, ensuring that all students, regardless of neurodiverse conditions, learning needs, or language barriers, have unlimited access to education and essential academic resources.

REVIEWING UUSU STRUCTURE FOR BETTER ENGAGEMENT

Collaborate with students and UUSU leadership to conduct a comprehensive review to strengthen UUSU's structure, making student engagement and feedback more effective, transparent, and action-driven. Ensure that every student's voice influences decisions, creating a union that is truly representative and responsive to student needs.
